

Guidance on Modernizing Statistical Legislation

CONTENTS

EXECUTIVE SUMMARY	1
1. INTRODUCTION	7
A. Why this guidance?	7
B. Work process	7
2. REVIEW OF CURRENT LEGAL AND INSTITUTIONAL FRAMEWORKS OF OFFICIAL STATISTICS	11
A. Introduction	11
B. Strengths of legal and institutional frameworks	12
C. Shortcomings of legal and institutional frameworks	17
D. Conclusions on strengths and shortcomings of legal frameworks.....	22
3. REVIEW OF THE OPERATIONAL ENVIRONMENT OF STATISTICAL PRODUCTION	25
A. Introduction	25
B. Challenges arising from the environment	25
C. Opportunities arising from the environment.....	31
D. Conclusions on challenges and opportunities from the environment	35
4. COMMON ELEMENTS OF STATISTICAL LEGISLATION.....	37
A. <i>Generic law of official statistics</i> as a basis of identifying common elements.....	37
B. List and definitions of common elements of statistical legislation.....	37
5. INTENDED OUTCOMES OF THE COMMON ELEMENTS OF STATISTICAL LEGISLATION	51
A. Why define intended outcomes?	51
B. What are the benefits of the common elements?.....	51
6. GUIDANCE ON DEVELOPING, MODERNISING AND REINFORCING LEGAL FRAMEWORKS FOR OFFICIAL STATISTICS	65
A. Process of reviewing and revising statistical legislation	65
B. Advocacy on the sound legal frameworks for official statistics.....	69
C. Relation to other legislation	74
7. GOVERNANCE OF NATIONAL STATISTICAL SYSTEMS AND ITS LEGAL ASPECTS	81
A. Introduction	81
B. Armenia.....	82
C. Germany	84
D. United Kingdom	86
E. Conclusions.....	88
8. EMERGING ISSUES RELATED TO STATISTICAL LEGISLATION	91
A. Open data, linked open data and official statistics.....	91
B. Data exchange among producers of official statistics	95
C. Evolving population and housing census and the legal aspects.....	97
D. Collaboration with central banks	101
E. Integrating geospatial data and statistics.....	104
F. Statistical offices and government data management	107
9. CONCLUSIONS AND FURTHER WORK PROPOSALS.....	113

ANNEX I. TERMS OF REFERENCE FOR THE TASK FORCE ON COMMON ELEMENTS OF STATISTICAL LEGISLATION	115
I. Background.....	115
II. Mandate	115
III. Objective.....	115
IV. Planned activities and outputs.....	115
V. Timetable	116
VI. Methods of work.....	117
VII. Membership.....	117
ANNEX II. EXAMPLES OF EFFECTIVE REGULATION AND IMPLEMENTATION OF LEGAL ELEMENTS.....	119
Case study 1. Canada – Strong policy to support implementation of legislation	119
Case study 2. Republic of Moldova – Efficient implementation of newly revised legislation	119
Case study 3. Finland – Cooperation with respondents’ representatives.....	120
Case study 4. Finland – Criteria and system of official statistics	121
Case study 5. Lithuania – Criteria for identification of other producers of official statistics.....	125
Case study 6. United Kingdom – Branding of national statistics	127
Case study 7. Germany – Recent revision to statistical legislation	127
Case study 8. Croatia – Access to data held by private legal persons	128
Case study 9. Latvia – Access to data held by private legal persons	128
Case study 10. Slovenia – Full mandate for data collection from all available sources	129
Case study 11. Poland – Cooperation with the central bank	129
Case study 12. Colombia – Criteria for defining official statistics and statistical quality assurance	131
Case study 13. Colombia – Exchange of microdata within the National Statistical System.....	132
