

# Guidelines on producing leading, composite and sentiment indicators

# Contents

<b>Preface</b> .....	<b>iii</b>
<b>Contents</b> .....	<b>v</b>
<b>1 Introduction</b> .....	<b>1</b>
1.1 Background .....	1
1.2 The purpose of the Guidelines .....	2
1.3 Initiatives by the Conference of European Statisticians .....	3
1.4 Overview of the Guidelines .....	3
1.5 Topics for further work and research .....	4
1.6 Acknowledgements .....	6
<b>2 Typology of LCS indicators</b> .....	<b>7</b>
2.1 Introduction .....	7
2.2 Characteristics of indicators .....	7
2.3 Sentiment indicators .....	9
2.3.1 Sentiment indicators with reference series .....	11
2.3.2 Sentiment indicators without reference series .....	11
2.4 Composite indicators .....	11
2.4.1 Composite indicators with reference series .....	13
2.4.2 Composite indicators without reference series .....	16
<b>3 The role of statistical offices in producing LCS indicators</b> .....	<b>17</b>
3.1 Introduction .....	17
3.2 The role of official statistics .....	17
3.3 Growing and changing user needs .....	18
3.4 Steps in decision making regarding LCS indicators .....	19
3.5 Compiling and communicating LCS indicators .....	24
<b>4 Sentiment indicators</b> .....	<b>29</b>
4.1 Introduction .....	29
4.2 Economic sentiment indicator .....	30
4.2.1 Methodological material .....	31
4.2.2 Compiling business tendency surveys (BTS) .....	31
4.2.3 Compiling consumer tendency surveys (CTS) .....	38
4.2.4 Reference series analysis: leading, coincident or lagging .....	40
4.3 Socio-economic sentiment indicator .....	41
4.3.1 Compiling socio-economic indicators .....	44
4.3.2 Comparison to reference series .....	46
4.4 International comparability of sentiment indicators .....	47
4.5 Summary of recommendations .....	49
<b>5 Composite economic indicators</b> .....	<b>51</b>
5.1 Introduction .....	51

5.2	Overview of composite economic indicators .....	51
5.3	Cyclical composite economic indicators.....	53
5.4	Steps for constructing cyclical economic composite indicators .....	55
5.4.1	Developing a conceptual framework .....	56
5.4.2	Selection of data .....	56
5.4.3	Preparation of data .....	57
5.4.4	Multivariate analysis .....	57
5.4.5	Normalisation of data .....	58
5.4.6	Weighting and aggregation .....	58
5.4.7	Robustness and sensitivity analysis .....	59
5.4.8	Evaluation: indicator performance .....	59
5.4.9	Links to other statistics .....	60
5.4.10	Communication .....	60
5.5	An alternative approach.....	60
5.6	Composite economic sentiment indicators.....	61
5.7	Structural composite economic indicators.....	63
5.8	International comparability of composite economic indicators .....	65
5.9	Summary of recommendations.....	66
<b>6</b>	<b>Composite socio-economic indicators .....</b>	<b>67</b>
6.1	Introduction .....	67
6.2	Overview of composite socio-economic indicators.....	67
6.3	Steps for constructing composite socio-economic indicators .....	70
6.3.1	Developing a conceptual framework .....	70
6.3.2	Selection of data .....	74
6.3.3	Preparation of data .....	74
6.3.4	Multivariate analysis .....	75
6.3.5	Normalisation of data .....	75
6.3.6	Weighting and aggregation .....	75
6.3.7	Robustness and sensitivity analysis .....	78
6.3.8	Evaluation: Indicator validity.....	78
6.3.9	Links to other statistics .....	78
6.3.10	Communication .....	78
6.4	International comparability of composite socio-economic indicators.....	79
6.5	Summary of recommendations.....	79
<b>7</b>	<b>Communicating LCS indicators.....</b>	<b>81</b>
7.1	Introduction .....	81
7.2	Challenges in communicating LCS indicators .....	81
7.3	Quality criteria for communicating LCS indicators.....	82
7.4	Experimental statistics.....	84
7.5	Presenting indicators in the right context .....	84
7.6	Targeting user groups .....	87
7.7	Means of communication and visualization methods .....	87
7.8	Summary of recommendations.....	92

<b>Annex A: Methods to compare economic sentiment indicators to reference series .....</b>	<b>95</b>
<b>Annex B: Development of the Mexican System of Cyclical Indicators .....</b>	<b>99</b>
<b>Annex C: Consumer Confidence Index in Spain .....</b>	<b>104</b>
<b>Annex D: Tendency surveys in Mexico .....</b>	<b>107</b>
<b>Annex E: Tendency surveys in the Netherlands .....</b>	<b>109</b>
<b>Annex F: The Export managers' index in Sweden.....</b>	<b>113</b>
<b>Annex G: Well-being index for provinces of Turkey .....</b>	<b>115</b>
<b>Annex H: The Active Ageing Index .....</b>	<b>119</b>
<b>References .....</b>	<b>122</b>
