

UNITED NATIONS CONFERENCE ON TRADE AND DEVELOPMENT

UNCTAD

TRADE AND DEVELOPMENT

REPORT 2020

FROM GLOBAL PANDEMIC TO PROSPERITY FOR ALL:
AVOIDING ANOTHER LOST DECADE

UNITED NATIONS

Contents

| | |
|-------------------------|--------------|
| Foreword | iii |
| Explanatory notes | ix |
| Abbreviations | x |
| OVERVIEW | I–XII |

Chapter I

| | |
|--|----|
| TRENDS AND CHALLENGES IN THE GLOBAL ECONOMY | 1 |
| A. Introduction | 1 |
| B. The world economy in 2021: Through a glass darkly | 1 |
| C. Mighty crises from little pathogens grow: The impact of the Covid-19 shock | 4 |
| 1. Private sector debt: Another crisis brewing? | 7 |
| D. Policy responses to Covid-19 | 12 |
| E. From disaster-relief to economic reconstruction | 15 |
| F. Trade in goods and services | 19 |
| G. Commodity prices | 21 |
| H. Capital flows and exchange rates | 24 |
| 1. Covid-19, defunct economists and changing mindsets | 26 |
| J. Regional trends | 28 |
| Notes | 30 |

Chapter II

| | |
|--|----|
| GLOBAL DEMAND AND GROWTH DILEMMAS AFTER COVID-19 | 35 |
| A. Introduction: a world economy unprepared for a major shock | 35 |
| B. The main sources of demand growth and their financial implications | 36 |
| 1. State-led demand and fiscal burdens revisited | 36 |
| 2. Growth of demand, private (dis-)savings and financial instability | 38 |
| 3. Net external demand is not a reliable global growth driver | 39 |
| 4. The configuration of global demand drivers in practice | 40 |
| C. The post-Covid-19 baseline: a ‘lost decade’ | 43 |
| 1. The starting hypothesis: a shift to fiscal austerity | 43 |
| 2. The immediate implications of austerity: protracted unemployment and wage compression | 44 |
| 3. The macroeconomic outcomes of a protracted slowdown post-pandemic | 44 |
| D. A growth revival scenario to avert a lost decade: policies and outcomes | 48 |
| 1. The indispensable strong push for growth | 48 |
| 2. The environment matters for growth | 49 |
| 3. The other global common goods: development and external financial balances | 51 |
| 4. Tuning the growth impulse and related financial and policy challenges | 52 |
| Notes | 54 |
| References | 55 |
| Annex: Derivation of macro-accounting decomposition relations | 60 |

Chapter III

| | |
|---|----|
| RECOVERING BETTER: THE INEQUALITY CHALLENGE IN A FRACTURED ECONOMY | 63 |
| A. Introduction: What is happening to inequality during the pandemic? | 63 |

| | |
|--|----|
| B. Missing characters in the global inequality narrative | 64 |
| C. Global trends in the labour income share | 66 |
| D. Determinants of wage repression | 68 |
| E. Sectoral and composition effects on average productivity | 68 |
| F. Polarization | 72 |
| G. Income distribution after Covid-19: Prospects and policies | 75 |
| Notes | 77 |
| References | 77 |
| Annex: Hunting for polarization | 82 |

Chapter IV

| | |
|--|-----|
| RECOVERING BETTER: EXPANDING THE SPACE FOR FISCAL POLICY | 87 |
| A. Introduction | 87 |
| B. Debt dynamics after the global financial crisis | 89 |
| C. Sustaining fiscal expansion amid shocks | 92 |
| D. Progressive fiscal policy in advanced and developing economies | 95 |
| E. Fiscal policy and the balance-of-payments constraint | 98 |
| F. The international financial system and fiscal space after the pandemic | 100 |
| 1. Expanding fiscal space through existing arrangements | 101 |
| 2. Expanding fiscal space through international tax reforms | 104 |
| Notes | 106 |
| References | 107 |

Chapter V

| | |
|--|-----|
| RECOVERING BETTER: RETHINKING MULTILATERALISM | 113 |
| A. Introduction | 113 |
| B. Multilateralism: A fractured history | 115 |
| 1. The inter-war years: From reglobalization to building back better | 117 |
| 2. The world turned upside down | 118 |
| C. The antinomies of hyperglobalization | 119 |
| 1. Fragmenting supply chains | 120 |
| 2. The endurance of rent-seeking | 123 |
| 3. The mutation of financial globalization | 125 |
| D. Reviving multilateralism | 126 |
| 1. An ambitious retreat | 126 |
| 2. Enhancing the developmental role of the multilateral trading regime | 128 |
| 3. Tackling corporate rent-seeking | 129 |
| 4. Domesticating finance | 130 |
| 5. Promoting a global debt deal for development | 132 |
| Notes | 133 |
| References | 134 |

List of figures

Figure

| | | |
|------|--|----|
| 1.1 | World output level, 2017–2021..... | 2 |
| 1.2 | Purchasing managers' index, selected economies, October 2019–June 2020 | 4 |
| 1.3 | Unemployment rate, selected countries, October 2019–June 2020..... | 5 |
| 1.4 | Employment-population ratio, selected countries, January 2007–June 2020..... | 5 |
| 1.5 | Cumulative non-resident portfolio flows to emerging markets after selected global shocks | 6 |
| 1.6 | Debt-to-GDP ratio in the United States, selected sectors, 1952–2019..... | 9 |
| 1.7 | Debt-to-GDP ratio of the non-financial corporate sector, selected developed countries, 1980–2019..... | 9 |
| 1.8 | Change in debt-to-GDP ratio of the non-financial corporate sector, selected G20 economies, 2011–2019..... | 10 |
| 1.9 | Magnitude of policy stimulus measures in response to Covid-19 outbreak | 15 |
| 1.10 | Private capital formation in G20 developed economies, 1980–2019 | 16 |
| 1.11 | World trade by volume and new export orders, selected economies, January 2007–May 2020 | 19 |
| 1.12 | Annual growth of international tourist arrivals, selected regions, 2018–2020 | 20 |
| 1.13 | Seaborne cargo: Shipping container throughput index, January 2019–May 2020 | 21 |
| 1.14 | Monthly commodity price indices by commodity group, January 2002–June 2020..... | 23 |
| 1.15 | Brent crude spot relative to respective peaks..... | 23 |
| 1.16 | Net private capital flow by country/group, 2005–2019 | 24 |
| 1.17 | Year-to-date variation in selected United States stock market indices, 1 January 2020–30 June 2020..... | 24 |
| 1.18 | Exchange rate indices, selected pairs of currencies, 1 January 2020–15 August 2020 | 25 |
| 1.19 | Variation in exchange rate of selected currencies, 1 Jan. 2020–31 Jul. 2020..... | 26 |
| 2.1 | Rate of growth of GDP, 2000–2030..... | 48 |
| 2.2 | Unemployment rates, 2000–2030 | 49 |
| 2.3 | Global environmental variables, 2000–2030 | 50 |
| 2.4 | Current account balance, 2000–2030..... | 51 |
| 3.1 | Labour income share in the United States, 1929–2019..... | 65 |
| 3.2 | Labour income share, selected economies, 1970–2019..... | 65 |
| 3.3 | Real wage growth, selected countries, 1980–2019..... | 66 |
| 3.4 | Examples of contracting and expanding activity in China and the United States, selected sectors, 2000–2014..... | 73 |
| 4.1 | Change in net public debt, selected countries, 2002–2019..... | 91 |
| 4.2 | Change in net public debt over previous years, selected countries, 2002–2019..... | 93 |

Box Figure

| | | |
|-----|---|----|
| B.1 | External debt stocks, all developing countries, 2000–2019..... | 7 |
| B.2 | Central bank interest rates, selected economies, December 2006–June 2020..... | 14 |

List of tables and boxes

Table

| | | |
|-------|---|-----|
| 1.1 | World output growth, 1991–2021 | 3 |
| 1.2 | Export and import volumes of goods, selected groups and countries, 2018–2020..... | 20 |
| 1.3 | World primary commodity prices, 2008–2020 | 22 |
| 2.1 | The structure of global demand: net injections and net export performance, 2018–2019..... | 41 |
| 2.2 | The ‘lost decade’ scenario: selected indicators, 2022–2030 | 45 |
| 2.3 | A ‘growth revival’ scenario compared with the baseline, 2022–2030..... | 53 |
| 3.1 | Change in the labour income share and its determinants, G20 countries, 1980–2019 | 67 |
| 3.2 | Sectoral and composition effects on labour productivity growth, G20 countries, 1990–2019..... | 70 |
| 3.A.1 | Shift-share decomposition of productivity growth, United States, 2000–2005 and 2009–2014..... | 83 |
| 3.A.2 | Shift-share decomposition of productivity growth, China, 2000–2005 and 2009–2014 | 84 |
| 4.1 | Shares of a \$1 trillion SDR allocation to developing countries and transition economies, selected country groups, 2020..... | 101 |
| 5.1 | Net financial transfers on foreign direct investment, selected developing countries, 1990–2019..... | 121 |
| 5.2 | Share of cumulative total profits in the Forbes Global 2000, selected industrial sectors and countries, 2005–2017 | 125 |

Box

| | | |
|-----|---|-----|
| 1.1 | Debt vulnerability in developing countries..... | 7 |
| 1.2 | The corporate debt bubble: another global financial crisis in the making? | 10 |
| 1.3 | Monetary policy and inflation..... | 13 |
| 1.4 | Green shoots: The environmental dimension of recovering better | 17 |
| 1.5 | What monetary policy can and cannot do? | 27 |
| 3.1 | Rent-seeking services..... | 71 |
| 3.2 | Dual labour markets and productivity growth..... | 73 |
| 4.1 | Fiscal space: what, how and why..... | 88 |
| 4.2 | A dangerous analogy: the government as household..... | 93 |
| 4.3 | A dangerous idea: the case against expansionary austerity..... | 94 |
| 4.4 | A self-sustaining fiscal expansion..... | 95 |
| 4.5 | Special drawing rights and fiscal space..... | 102 |
| 5.1 | Multilateralism: an elusive idea..... | 116 |
| 5.2 | A global Marshall Plan for health recovery | 127 |
