

# THE IMPACT OF RAPID TECHNOLOGICAL CHANGE ON SUSTAINABLE DEVELOPMENT

## TABLE OF CONTENTS

<b>Acknowledgements.....</b>	<b>iv</b>
<b>I. Introduction.....</b>	<b>1</b>
<b>II. Opportunities of rapid technological change for sustainable development.....</b>	<b>3</b>
A. Eradicating poverty and monitoring progress in achieving the Sustainable Development Goals.....	3
B. Improving food security, nutrition and agricultural development .....	3
C. Promoting energy access and efficiency.....	5
D. Enabling economic diversification and transformation, productivity and competitiveness .....	6
E. Promoting social inclusion .....	7
F. Confronting disease and improving health .....	7
G. Scaling and personalizing education.....	8
<b>III. Transformative and disruptive potential of rapid technological change.....</b>	<b>9</b>
A. Automation, labour markets and jobs of the future.....	9
B. Socioeconomic divides.....	10
C. Ethical issues and considerations .....	11
<b>IV. Rapid technological change and leaving no one behind .....</b>	<b>12</b>
A. Impact of rapid technological change on gaps within countries .....	12
B. Impact of rapid technological change on gaps between countries .....	13
C. Potential of rapid technological change to “leave no one behind” .....	14
<b>V. National strategies and policies .....</b>	<b>16</b>
A. Addressing the education–employment nexus of rapid technological change .....	16
B. Strengthening national innovation systems for rapid technological change.....	16
C. Developing national policies and strategies on rapid technological change .....	20
D. Building digital competencies to close digital divides .....	22
E. Strengthening capacity for technology foresight and assessment .....	24
<b>VI. Regional, international and multi-stakeholder cooperation.....</b>	<b>25</b>
A. Regional and international cooperation.....	25
B. Multi-stakeholder initiatives.....	26
C. United Nations and Commission on Science and Technology for Development .....	27
<b>VII. Key messages.....</b>	<b>29</b>
<b>References.....</b>	<b>30</b>
