Global Wage Report 2016/17

Wage inequality in the workplace

Contents

| | |
|--------------------------------|-------------|
| Preface | v |
| Acknowledgements | xiii |
| Executive summary | xv |

Part I. Major trends in wages

| | |
|---|-----------|
| 1 Introduction | 1 |
| 2 Economic context | 3 |
| 2.1 Improved economic growth in developed economies, but lower growth globally | 3 |
| 2.2 Recent labour market trends | 6 |
| 3 Global and regional wage trends | 7 |
| 3.1 Global wage trends | 7 |
| 3.2 G20 wage trends | 8 |
| 3.3 Regional wage trends | 9 |
| 3.4 Some country-specific trends | 11 |
| 3.5 Wages and the risk of deflation | 13 |
| 4 Wages, productivity and the labour income share | 15 |
| 4.1 A persistent gap between wage growth and labour productivity growth | 15 |
| 4.2 An overall decline in labour income share | 17 |
| 5 Wage inequality and minimum wages | 21 |
| 5.1 Wage inequality | 21 |
| 5.2 Minimum wages | 24 |
| 6 Average gender pay gaps | 30 |

Part II. Wage inequality in the workplace

| | |
|---|-----------|
| 7 Introduction | 33 |
| 8 The overall distribution of wages | 35 |
| 8.1 Wage levels across the wage distribution | 35 |
| 8.2 Wage distribution as seen through different measures of inequality . | 40 |
| 9 The characteristics of workers | 43 |
| 9.1 Exploring how personal and labour market characteristics affect wages | 43 |
| 9.2 How the wage distribution varies for European workers with various characteristics | 43 |

| | | |
|-----------|---|-----------|
| 9.3 | How the wage distribution varies for workers with various characteristics in emerging economies | 46 |
| 9.4 | How workers' characteristics interact in the wage distribution | 51 |
| 10 | Wage inequality between enterprises and within enterprises | 57 |
| 10.1 | Findings from the literature | 57 |
| 10.2 | Comparing average wages between enterprises | 60 |
| 10.3 | Wage differences within enterprises compared to wage differences between enterprises | 67 |
| 10.4 | Comparing average wages and wages of individuals | 72 |
| 10.5 | How much wage inequality is due to within-enterprise inequality and how much to wage inequality between enterprises? | 77 |
| 10.6 | A parade of wage inequality within and between enterprises | 78 |
| 11 | Gender pay gaps and the workplace | 81 |
| 11.1 | Gender pay gaps in the workplace | 81 |
| 11.2 | At what age does the gender pay gap appear? | 83 |

Part III. Summary and conclusions

| | | |
|-----------|---|-----------|
| 12 | The importance of global-level policy coordination | 85 |
| 13 | Possible country-specific measures to reduce excessive wage inequality | 86 |
| 13.1 | Minimum wages and collective bargaining | 86 |
| 13.2 | Top salaries: Enterprise self-regulation or more regulation? | 87 |
| 13.3 | Productivity growth for sustainable enterprises | 88 |
| 13.4 | Gender and other pay gaps | 89 |
| 14 | Other measures to reduce inequality | 90 |
| 14.1 | Fiscal policies: Taxes and transfers | 90 |
| 14.2 | Policies that affect wages and wage distribution indirectly | 91 |

Appendices

| | | |
|---------------------|---|------------|
| I. | Global wage trends: Methodological issues | 93 |
| II. | ILO regional groupings | 107 |
| III. | Coverage of countries by region and global estimates | 109 |
| IV. | Data and country selection for Part II | 111 |
| V. | Variance decomposition | 115 |
| Notes | | 117 |
| Bibliography | | 123 |

Boxes

| | | |
|----|--|----|
| 1 | The ILO Global Wage Database data | 7 |
| 2 | Deflation and wages in Japan | 14 |
| 3 | Determining the labour income share | 16 |
| 4 | The new online ILO policy guide on minimum wages | 26 |
| 5 | What lies behind gender wage gaps: A review of the literature | 31 |
| 6 | The role of skills-related characteristics in determining wages. | 52 |
| 7 | Wage inequality between and within enterprises: A review of the literature | 58 |
| 8 | Wage inequality within enterprise centiles. | 68 |
| 9 | Representing wages of individuals and the enterprises which employ them | 74 |
| A1 | What are wages? | 94 |

Figures

| | | |
|----|---|----|
| 1 | Annual average economic growth, 2006–16 (GDP in constant prices) . . . | 4 |
| 2 | Inflation, 2006–16 (average consumer prices) | 4 |
| 3 | Annual average economic growth by region, 2010 and 2015 (GDP in constant prices) | 5 |
| 4 | Inflation by region, 2010 and 2015 (average consumer prices) | 5 |
| 5 | Annual average global real wage growth, 2006–15 | 7 |
| 6 | Annual average real wage growth in the G20, 2006–15. | 8 |
| 7 | Annual average real wage growth by region, 2006–15. | 10 |
| 8 | Average real wage index for developed G20 countries, 2006–15. | 12 |
| 9 | Average real wage index for emerging G20 countries, 2006–15 | 12 |
| 10 | Average real wage index for selected European countries, 2007–15 | 13 |
| 11 | Trends in growth in average real wages and labour productivity in developed economies, 1999–2015 | 15 |
| 12 | Distribution of the adjusted labour income share for a selection of 133 economies, 1995 and 2014 | 17 |
| 13 | Labour income shares in four examples of developed and emerging economies | 18 |
| 14 | Change in adjusted labour income share before, during and after the crisis | 19 |
| 15 | Measuring income inequality: The D9/D1 ratio | 21 |
| 16 | Wage inequality in OECD countries. | 22 |
| 17 | Wage inequality in selected emerging and developing countries | 22 |
| 18 | Evolution of income inequality between 1995 and 2012 | 23 |
| 19 | Change in labour income share and income inequality, 1995–2012 | 24 |
| 20 | Minimum wages relative to median and mean wages, selected European countries | 28 |
| 21 | Minimum wages relative to mean and median wages, selected emerging economies. | 28 |

| | | |
|-----------|--|----|
| 22 | Convergence of minimum wages among higher-income countries | 29 |
| 23 | Gender gap in hourly wages for a number of selected economies (preliminary data) | 30 |
| 24 | Hourly wages in Europe, 2002, 2006 and 2010 | 35 |
| 25 | Monthly wages in Europe, 2002, 2006 and 2010 | 36 |
| 26 | Relative wage distribution in selected European countries, 2010 | 37 |
| 27 | Relative wage distribution in selected developing countries, latest year. . . | 38 |
| 28 | Composition of average monthly earnings in Europe, 2002, 2006 and 2010 | 39 |
| 29 | Centile-by-centile share of total real gross monthly wages in Europe, weighted average, 2010. | 40 |
| 30 | Looking within “deciles” of the wage distribution: Characteristics of individuals, European economies, 2010 | 44 |
| 31 | Looking within “deciles” of the wage distribution: Characteristics of individuals, emerging economies | 47 |
| 32 | Europe, residuals after predicting hourly wages | 53 |
| 33 | Europe, subgroups | 54 |
| 34 | Residuals after predicting hourly wages, emerging and low-income economies | 55 |
| 35 | Wage inequality between enterprises, Europe, 2002, 2006 and 2010 | 60 |
| 36 | Relative wage distribution at enterprise level, selected European countries, 2010 | 61 |
| 37 | Wage inequality between individuals and between enterprises comparing P90/P10 and P100/P10, selected European countries, 2010 | 62 |
| 38 | Relative wage distribution at enterprise level in selected developing countries | 63 |
| 39 | Wage inequality between individuals and between enterprises, selected developing countries | 64 |
| 40 | The share of enterprises with low, middle and high average wages in selected European countries and in Europe as a whole, 2010 | 65 |
| 41 | The share of enterprises with low, middle and high average wages in selected developing and emerging countries, latest years | 66 |
| 42 | Share of employees and average wages by economic sector, selected countries | 66 |
| 43 | Establishments ranked by average hourly wage, with average minimum and maximum wages of individuals at each centile, 2010 | 68 |
| 44 | Weighted min–max distance in hourly wages within establishments | 69 |
| 45 | Average wages within establishments and standard deviation | 69 |
| 46 | Occupational categories and wage differentials: Establishments classified by economic sector, ranked in columns by average hourly wage at enterprise level | 71 |
| 47 | Occupational skills and wage differentials: Establishments classified by size, ranked by average hourly wage at enterprise level | 72 |

| | | |
|-----------|--|-----|
| 48 | Average hourly wages, individuals and enterprises, by centile ranking of individual wages | 73 |
| 49 | Zooming in on the bottom 10 per cent of wage earners: Average hourly wages, individuals and establishments | 75 |
| 50 | Zooming in on the top 10 per cent of wage earners: Average hourly wages, individuals and establishments | 75 |
| 51 | Decomposition of variance of hourly wage for 22 economies in Europe, 2010. | 78 |
| 52 | The mountain of wage inequality in Europe, 2010 | 80 |
| 53 | The gender wage gap between individuals (a) in the population and (b) in the enterprise, 2010 | 81 |
| 54 | The gender wage gap among the top occupational categories and among the top 1 per cent of earners (hourly wages, 2010) | 82 |
| 55 | Gender wage gap by age among wage employees, hourly wage distribution (real terms, base year = 2010) | 83 |
| A1 | Share of paid employees in total employment, 1995–2015. | 94 |
| A2 | Log normal distribution for hourly wages | 116 |

Tables

| | | |
|-----------|--|-----|
| 1 | Different measures of inequality in 22 European countries, 2010. | 41 |
| 2 | Different measures of inequality in selected developing countries, 2010 | 42 |
| 3 | Breakdown of estimates for figure 44 by sector and by size, average hourly wages, in euros, 2010: Selected centiles of weighted min–max distance of individuals' hourly wages within enterprises | 70 |
| 4 | Breakdown of estimates for figure 48 by sector and by size, average hourly wages, in euros, 2010: Selected centiles of individuals' hourly wage distribution and average wages for these individuals and for the enterprises for which they work | 76 |
| 5 | Gross hourly wage variation in Europe, within and between establishments, 2002–10. | 77 |
| 6 | Distribution of managerial positions in the population, Europe, averages for 2010 | 82 |
| A1 | Country-specific nominal wage and real wage growth, 2013–15. | 100 |
| A2 | New ILO regional groupings. | 107 |
| A3 | Former ILO regional groupings | 108 |
| A4 | Coverage of the Global Wage Database, 2015 (percentage) | 109 |
| A5 | Coverage of the Global Wage Database, 2007–15 (percentage) | 109 |
